

INSTANT ISSUANCE

Have You Heard About Barnes' Instant Issuance?

Instant issuance allows banks to provide customers with fully functional, personalized EMV cards on the spot—no waiting, no mailing delays. With P3 for secure data preparation and a card printer for personalization, you deliver unmatched convenience and security.

KEY BENEFITS

- **Instant Service**

Issue cards within minutes, reducing wait times.

- **Streamlined Operations**

Cut logistical complexities and mailing costs.

- **Higher Activation Rates**

Cards are immediately ready for use.

- **Competitive Edge**

Meet the growing demand for instant solutions.

Why P3 + MULTOS?

 P3 securely manages cryptographic keys & EMV data.

 Card Printer personalizes cards with names, numbers, and secure chip data.

 MULTOS ensures top-tier security, flexibility, and global trust.

SEAMLESS INTEGRATION & COMPLIANCE

- ✓ Scalable for institutions of any size.
- ✓ Secure, compliant, and future-ready.
- ✓ Works effortlessly with banking systems & printers.
